3. Official Rules of Play

By playing 2 Hand Holdem, you agree to abide by the official game rules:

1. **ANTE:** The player must place 1 bet of equal value into each of the two “ANTE” betting circles to initiate the hand.
2. **DEAL:** The player receives 4 hole cards face down. 3 community cards (“the flop”) are dealt face up on the table. The dealer receives 3 hole cards face down.
3. **ARRANGE:** The player arranges their 4 hole cards into 2 separate Hold’em hands containing 2 cards each. The player places 2 cards face down in the “Hand 1” box and the remaining 2 cards face down in the “Hand 2” box.
4. **RAISE:** The player evaluates their positions and chooses to either Check (wagering no additional chips) or Raise 2x on each hand individually by placing additional chips equal to twice the Blind amount into the corresponding “Raise 2x” circle.
5. **SHOWDOWN:** The 4th (“turn”) and 5th (“river”) community cards are dealt face up on the table. The dealer reveals their 3 hole cards and selects at most 2 of those 3 hole cards (combined with the 5 community cards) to form the dealer’s single best 5-card poker hand. The dealer’s hand is evaluated individually against Hand 1 (using the player’s 2 Hand 1 cards + the board) and Hand 2 (using the player’s 2 Hand 2 cards + the board). Winning bets are awarded based on traditional poker hand rankings against the dealer’s hand.

4. User Conduct & Prohibited Activities

To maintain a fair, fun, and competitive environment, you agree not to:

- Use unauthorized cheats, bots, automation scripts, hacks, or exploits.
- Transfer, sell, trade, or buy accounts or Virtual Items for real-world currency outside of authorized App Store channels.
- Reverse engineer, decompile, or attempt to extract source code, trademarked concepts, or patent-protected mechanics from the App.
- Harass, abuse, or engage in toxic behavior toward other players in community features or chats.

Violations of these conduct rules may result in immediate temporary or permanent suspension of your account without notice or compensation.

5. In-App Purchases & Virtual Items

- **Purchases:** You may purchase Virtual Items (e.g., chip packs) only through Apple’s In-App Purchase system. You cannot route iOS purchases to an external checkout. All transactions are final and managed directly by Apple Inc.
- **Non-Refundable:** Virtual Items are a limited, revocable, non-transferable license; they are licensed, not sold. They cannot be refunded, cashed out, traded between players, or exchanged for real money except as required by applicable law or Apple’s standard store policies.

6. Disclaimers & Limitation of Liability

- **“As-Is” Service:** The App is provided on an “AS IS” and “AS AVAILABLE” basis without warranties of any kind, either express or implied.
